AFRICAN SECURITY is an international tri-service defence bimonthly magazine published by **DBDC International Defence Publications & Events**, covering security, defence and defence industrial issues in the African continent.

Main objectives are:

• **African Nations defence and security news**

Contains defence and security news and developments which are related to African Nations

• **Defence Ministries news**

Contains news and activities which are related to the African Nations Armed Forces operations, training and armament issues.

• **Update on the materialization of African Nations armaments programs**

Contains information regarding the evolution of the procurement tenders and the attached offsets from the official announcement until the contract signature.

• **Future armaments programs**

Contains information on future African Nations armaments programs

• **International defence industry news**

Contains information regarding the international defence industry, -new products, industrial research issues, new contracts and its participation in African Nations armaments programs.

• **Interviews /articles**

Provided by high executives from international defence and security organizations, governments, military and industries.
